Pawet Gurgul is the new President of the Management Board of Maczfit Foods

After 7 years of the company's creation and development to the current position of the leader of dietary catering in Poland, Maciej Lubiak takes over the position of Chairman of the Supervisory Board of Maczfit Foods. He will be replaced as the President of the Management Board by Pawet Gurgul, who previously served as President of Hortex.

Only a few years after its foundation, Maczfit has developed a leading position in the dietary catering industry in Poland. Today, the brand is facing the next stage of development. The founder and founder of the company, Maciej Lubiak, will take up the position of Chairman of the Supervisory Board of Maczfit Foods from August 1, 2022. As the President of the Management Board, he will be replaced by Pawet Gurgul, who has gained experience in companies such as Hortex, PepsiCo Polska, as well as Mondelēz.

I put the controls in the hands of a man in whose recruitment I got involved, a man whose experience and skills I greatly appreciate. I believe that Mr. Gurgul will maintain the momentum of the company's development, bringing many unconventional solutions to it. Maczfit remains the leader of the boxed diet industry and there is no indication that this may change. The brand still has a lot to present, today with the new President of the Management Board, but with my support in another role – says Maciej Lubiak.

I am happy to join Maczfit, one of the most dynamically developing companies in Poland. This development is largely due to the passion of people who every day create and supply our customers with the dietary catering of the highest quality. I want to be part of this team, supporting it with my experience and

commitment – says Paweł Gurgul, the new President of the Management Board of Maczfit Foods.

Paweł Gurgul served as President of the Hortex Group from June 1, 2018, to July 2022. Previously, he worked for 6 years at PepsiCo Polska, serving for the last 3 years as President and CEO of the company. He also gained his professional experience at Mondelēz, where he worked for 10 years.
